Title: Start Sooner Rather Than Later: Taking Advantage of the Career Pathways Program and Opportunities for Professional and Career Development

Abstract:

This interactive talk focuses on professional and career development needs of ODU graduate students. The goals of the talk are three-fold:

Encourage graduate students to undertake professional and career development early in their academic career;

Future Faculty Certificate and Preparing Future Professionals Certificate;

Review how to use the developmental CV and individual development plan to identify professional and career development needs.
